Component List

1 x Right Side Panel	(A)
1 x Left Side Panel	(B)
1 x Back Panel	(C)
1 x Door Panels	(D)
1 x Lid Panels	(E)
1 x Centre Top Support (2" x 2") 850mm	(F)
1 x Centre Vertical Framing (2" x 2") 1150mm	(G)
1 x Centre Floor Support (2" x 2") 800mm	(H)
2 x Horizontal Floor Support (2" x 1") 755mm	(I)
1 x Horizontal Top Support (2" x 1") 1650mm	(J)
2 x Lid Prop - V Cut (2" x 1") 700mm	(K)
2 x Lid Handles	(L)
2 x Handle Back Plates	(M)
4 x 75mm Door Hinges	(N)
1 x Door Cabin Hook	(O)
30 x 75mm Green Screws	(FIX1)
2 x Carriage Bolts (M8 x 100mm)	(FIX 2)
2 x Carriage Bolts (M8 x 130mm)	(FIX 3)
1 x Carriage Bolts (M8 x 200mm)	(FIX 4)

We recommend two people to assemble this product.

Double Bin Store

Fitting Guide

Kennings

Step 1

Secure the two Side Panels (A) and (B) to the Back Panel (C) using 3 x 75mm Green Screws (FIX 1) per join as indicate below.

Ensure all panels along the bottom are flush to each other.

Don't forget to check your work with a level as you go!

Step 2

Screw the Centre Floor Support (**H**) to the side, flush to the bottom of Centre Vertical Framing (**G**) then screw the other end of (**H**) to the bottom of the centre support of Back Panel (**C**).

Using the Centre Top Support (**F**) screw this into the top of (**G**) and into the side of the centre support of Back Panel (**C**) flush to the top.

These connections are all made using 1 x 75mm Green Screws (**FIX 1**).

All images are for illustration only. Please see individual item listings for actual item specifications.

Step 3

Secure the 2 x Horizontal Floor Supports (**I**) between each side panel and centre vertical piece (**G**) using 2 x 75mm Green Screws (**FIX 1**) per side.

The Horizontal Top Support (**J**) can then be screwed to the front face of the two side panels and the centre upright (**G**) using 2 x 75mm Green Screws (**FIX 1**) per contact point.

The Horizontal Top Support (**J**) runs across the full Bin Store in one long piece to give extra strength to the product.

Step 4

Fix the 2 x Door Hinges (**N**) 200mm from the top and bottom of both Bin Store Doors (**D**).

Then, position the door between the side panels and secure the hinges to inner side of the side panels.

Repeat for the second Bin Store Door.

Fixings for this are included in the door hinge packaging.

Fix the Door Cabin Hook (**O**) as shown opposite.

Fixings for this are included with the Door Cabin Hook Packaging.

Step 5

Take the Bin Store Lid (**E**) and attach the Lid Handle (**L**) the handle must be attached at the top end as shown below.

The handle back plate (**M**) should be lined up on the underside of the lid for the supplied screws to drive into to hold it tight in place and stop the screw points from showing.

Repeat the process for both lids.

Position the Bin Store Lid (**E**) between the side panels, align the pre-drilled boltholes, and insert a 130mm bolt (**FIX 3**) at each side using the provided nut and washer to secure each bolt in place.

Use the single 200mm bolt (**FIX 4**) for the centre.

All images are for illustration only. Please see individual item listings for actual item specifications.

Step 10

Insert 1 x bolt (**FIX 2**) into the pre-drilled bolthole on bin lid frame and through the V Cut Lid Prop (**K**) using the nut and washer to secure in place.

Do this for both lids to complete your build.
